

Beaumont Polyethylene Plant

Energy lives here™

FACILITY: The plant is located 10 miles west of the Beaumont complex on Highway 90.

LAND AREA: 374 acres

WORKFORCE: 211 employees and 165 contractors*

PRODUCTION: 1,650,000 tonnes of polyethylene capacity per year.

PRODUCTS: A variety of everyday consumer products and product components are made out of polyethylene:

- Shrink wrap
- Plastic film, which can expand the shelf life of fruits and vegetables.
- Greenhouse coverings, which can increase crop yields.
- Car dashboards

TAXES: \$9.1 million in local taxes paid annually.

COMMUNITY INVOLVEMENT: Employees and retirees volunteered more than 3,000 hours in 2022 and contributed \$52,500 in VIP matching grants.

SAFETY AND AWARDS:

- Participates in the Golden Triangle Business Roundtable Safety Awards annually.
- Since 1984, the Plant has been certified as an OSHA STAR Work Site for complying with the most stringent health and safety standards set by OSHA.
- American Fuel & Petrochemical Manufactures Elite Gold Safety Award (2015-2016; 2019).
- American Fuel & Petrochemical Manufactures Award for Merit and/or Safety Achievement Awards (2011-2022).
- American Chemistry Council Responsible Care Facility Award for 2022.

*As of January 2023. Dependent on construction projects and turnarounds.
